

April 27, 2018

Dear Parents,

We are finished with the spelling book for first and second grade. Most of the second graders will be done with spelling tests now. The first grades are going to have review words for the next four weeks. No bonus words.

First grade review words: may, rain, gray, mail, afraid, dream, treat, beach, clean, and lean.

The first graders are almost finished with their Phonics for Reading book. Second graders have longer books and will take more time.

Both groups are finished with their reading books. We are going to be reading a book about Laura Ingalls Wilder together during reading time. The second graders and myself will read it. The first graders will track and listen along. We will discuss the book together. The second graders will have questions to answers about each chapter.
