Dear Parents,

Spelling words: in, it, did, sit, six, fix, lip, mix, pin, wig, \*and, and \*take.

I will be gone next Thursday afternoon. Mallary has another orthodontist appointment.

We have another high school pal. Jacob Roznowski is going to helping us in the classroom with writing and in computer lab typing our stories.

I sent home the parent flyers for most of the sites we might visit this year. Your child should be able to practice those skills at home now.

If you haven't registered for classroom dojo, please consider doing so. It is a pretty cool site for communication.

The children are very excited about their book bins. They are so cute about taking out the books, reading them, and bringing them back.

If you still have a school mall form, you can still turn it back in. Every packet gives the PTO money and the children a stuffed animal.

Dear Second Grade Parents,

Your children are having some trouble with their basic math facts. They are going to have a lot of struggles with second grade curriculum if they do not know their facts. Please study with them. Please use flash cards and a site like [xtramath.com](http://xtramath.com) to help your child be secure in their facts. I have copied a parent flyer to [xtramath](http://xtramath.com) so that you can practice at home for free. (A few parents are already registered and will not receive a flyer.)
