Thursday, November 8		
	3:20	Alex and Aiden
	5:30	Henry
	5:45	Emerson
	6:00	Makinzee
	6:15	Wyatt
	6:30	Lei'Ondre
	6:45	
	7:00	Alexandra
	7:15	Julia
	7:30	
	7:45	
Friday, November 9		
	12:30	Keaton
	12:45	Alice
	1:00	Aubrey

	1:15	Evelyn
	1:30	Jaxxon
	1:45	Stanley
	2:00	Nickolie
	2:15	Grace
	2:30	
	2:45	
	3:00	

April Tosch 734-8105

Dear second grade parents,

Here is the study guide for the ss test over ch 2 which will be next Thursday. It is a very short test. We will study on Monday - Wednesday in class next week

Conservation means protecting what? land, trees, and water

When did an ancestor live? Long ago

Name a crop a farmer might have grown. Wheat or potatoes

Name some natural resources. Air, soil, water

What landform does Michigan have a lot of? Peninsulas Why? Water on almost all sides

What can you make from forests? Chairs, houses, and desks

What can you make from soil? Crops and flowers

What can you do with water? Clean, drink, and play

Should you stay on the path at a park? Yes

Should you tease or feed animals at a park? No

Should you plant and protect new plants at a park? Yes

.We have been making progress with our basic facts. We have started two digit addition and the students who do not know their basic facts are having some trouble. We have started taking daily quizzes on adding our basic facts. This is in addition to doing xtramath.com every day. Most of second grade is about adding and subtracting two and three digit numbers. Not knowing your basic facts is a big handicap. One boo-boo makes the whole problem wrong.
