

**What's Happening in
2nd & 3rd Grade!**

Friday, January 25, 2019

Posen Consolidated Schools

Spelling

We are back on track with homework and spelling tests. Help your child remember that the homework is due on Friday and there is a pretest on Friday, too. The final test is the following Monday.

Language Arts

We started working on "The Wartville Wizard" this week. So far we read the story and did a retell. We also wrote about the different parts of the story, and we did a worksheet on the main character.

2nd Grade Science

We will be finishing up chapter 4 next week. There will be a test next Friday, February 1st. A study guide will go home on Wednesday.

3rd Grade Social Studies

We are still working on Ch. 4, which is over how Michigan became a state.

3rd Grade Math

We are continuing with Topic 6. It covers the rest of the multiplication facts: 3, 4, 5, 6, 7, & 8. Remember to keep quizzing your child.

3rd Grade Science

We are still working on chapter 5 over Earth's changes.

Remember to sign up for the SchoolWay App if you haven't done so already. This is a good way to get updates including when the school is closed due to snow days.

Reminder: Have your child prepared for the weather. Make sure he or she has boots, snow pants, jacket, and two pairs of gloves. The gloves get wet at first recess and then they have to go out at second recess with wet gloves. Also, an extra pair of shoes can be left in their locker.

Have An Awesome Weekend!
