

6th Grade News Letter

May 3, 2019

Dear Parents,

We are done with fundraising-that I have had scheduled. If there is a parent that would like to organize a bottle drive, I would schedule it with the school. There are quite a few students that still need to raise a significant amount of money. Next week, I will have all permission slips ready to send home. All paperwork will need to be filled out, and if your child isn't interested in going on the trip, please let me know ASAP.

We will be MStep Testing Next Wednesday and Thursday

We have Starbase on Friday next week

Please make sure to get enough sleep and eat good breakfasts next week for testing!

Mrs. Gagnon

cgagnon@posen.k12.mi.us

Science

We will be working on a STEM project next week or the week after

Math

We are finished up chapter 9, and are working on chapter 10, volume of 3D objects.

Language Arts

We finished Holes, and finished a 5 paragraph essay comparing, contrasting and giving our opinion on the book and movie.

History

We took our Chapter 10 test today, and will begin a new unit next week.

Math Mstep will be on Thursday

We will be working next week on reviewing some key elements for Mstep and taking our test on Wednesday.
