### **Spelling**

Next week the children will receive their first spelling list and homework. These papers will be sent home every Monday. The homework is due on that Friday. The children will have a spelling pretest on Friday and the final test on the following Monday. Then new homework will be sent home again.

### **Language Arts**

This week we were busy completing our language arts pretests along with reading comprehension and a DBQ (data based questions) work.

### **3rd Grade Science**

This week we started working on Ch. 1, which is over living things.

### **3rd Grade Social Studies**

We started Ch. 1, and began digging into what makes Michigan a state and special.

### **3<sup>rd</sup> Grade Math**

In 3rd grade math we completed our pretests and begin Topic 1 over numeration.

### **2nd Grade Science**

We started working on Ch. 1, which is over plants.

***Welcome Back! Congrats! We have completed our first week of school. Thank you to everyone for sending in classroom supplies. It is greatly appreciated. We are off to a wonderful start in the 2nd & 3rd grade class. I can't wait for all the new things the students and I will get to work on together. Here's to a great school year!***

***Homework:*** On Mondays the children will be bringing home a black homework folder. Please assist your child with completing the spelling worksheet and returning it in the black folder, which will be due on Friday. Also, there will be a spelling list. Part of their homework is studying their spelling words. Finally, there will be a Reading Log. Help your child fill out this weekly Reading Log. ***This is part of your child's language arts grade, so it is very important to turn in these weekly reading logs.*** They will go home on Monday and should be returned the following Monday. Thanks ahead of time for your help in making sure your child gets their homework turned in.
